HIGH PERFORMANCE LIGHTING

ST12 Evolution

An exciting addition to the ST range of road-legal driving lights, the ST12 Evolution at just under 21" is the ideal choice for people looking for either: the ultimate road-legal lighting solution, in the form of a pair of lamps mounted across a roof bar, or customers looking for a single light bar option which alone delivers 1 lux to just under 500m. Despite its impressive range, the spread and even distribution of light in the short and mid-range make the ST12 the premium choice for everyday road and off-road applications.

HIGH PERFORMANCE LED DRIVING LAMPS

LAZER

HIGH PERFORMANCE LIGHTING

ST12 EVOLUTION

- 12x high density 11W LEDs (premium 'bin')
- Seamless, low profile design facilitates installation
- Dynamic drive modulation optimises light output to maximise LED lifetime
- Ultra-reflective optics deliver 'Drive' beam pattern
- E-coat pre-treatment provides maximum corrosion resistance
